**Grant of Cash Compensatory support for the Export of Drugs**

3412. SHRIMATI RATAN KUMARI : Will the Minister of COMMERCE be pleased to refer to the answer to Unstarred Question 955 given in the Rajya Sabha on the 17th May, 1990 and state :

(a) what was the export of each of the companies of each drug during the years 1987-88, 1988-89, 1989-90;

(b) whether it is a fact that total imports were not taken into consideration;

(c) what was the import of each company against the export of each drug during each of the above mentioned years;

(d) whether it is also a fact that there was value loss in terms of import content in export of these drugs; and

(e) what was the magnitude of this loss and what were the considerations and basis on which CCS was granted on these drugs ?

THE MINISTER OF COMMERCE AND TOURISM (SHRI ARUN KUMAR NEHRU) : (a) The fob value of export of Pyrazinamide, Erythromycin, Ethambutol HCL and Ampicillin Trihydrate reported during 1987-88, 1988-89 and 1989-90 is given below :—

(*Source* : Basic Chemicals, Pharmaceuticals and Cosmetics Export Promotion Council).

The Council has reported that it does not maintain statistics of each of the drugs exported company-wise.

(b) to (e) Export production may be undertaken by importing raw materials under the advance licensing scheme or under Open General Licence (OGL). OGL imports are not monitored. Import Export balancing and monitoring do not lend themselves to being carried out on a practical basis item by item and product wise within a firm's overall operations. In the case of the Advance Licensing Scheme, the quantum of raw materials allowed for import is dtermined on the basis of input-output norms prescribed and a minimum value addition is specified for achievement. The question of any foreign exchange loss in such cases, therefore, does not arise.
